

At Australis, we have the view that we must add value to the insurance transaction. This is achieved by creating a culture of customer service and commitment to finding creative solutions to help our supporting Insurance Brokers.

We are a skilled team that provides a specialised product range whilst assisting brokers in developing the most appropriate cover for the client.

Driven by the desire to be the best, we offer technical expertise, a comprehensive product range, big capacities together with APRA authorised security.

***“Professional people providing specialist insurance solutions for the Aged and Community Care Industries”***
