

Protect your client's revenue or profit from potentially disastrous losses arising from a host of circumstances beyond their control.

We are specialists in underwriting contingency and prize indemnity covers for most events and promotions. Australis provides Cancellation and Abandonment and Non Appearance cover for concerts, sport events, conferences and most events whose success relies on everything running to plan.

Australis also offers Prize Indemnity insurance covering attractive, high value prizes won in Promotional Events, Marketing Campaigns, Hole in One and Competitions generally. Providing activities are based on a combination of skill and probability, we are able to offer cover usually at a fraction of the market value of potential prizes.
